Purpose

Practitioner guidance for applying GAISSF v1.0 to defence AI systems without changing the normative control set.

Scope

Mission context, authority, data/model provenance, adversarial security, autonomy, suppliers, testing, monitoring, incidents and evidence.

Control Scope

Applicable-Control Baseline = 52 D1-D8 controls plus applicable D9 controls. D9 is mandatory where Physical AI or cyber-physical actuation is in scope.

Physical AI

Use GAISSF D9 alongside PAI-SF™ v1.0 as applicable. CSX-PAISF-004 is mapping only and does not establish equivalence, evidence sufficiency or automatic conformance.

Notably Absent

No legal/IHL compliance claim, rules of engagement, weapons-employment authority, current GAISSF certification, or guarantee of safety, security or mission effectiveness.

Status

Draft for Publication — Public — External Review Open. Specialist and final approval gates remain open.
